For Illustrator

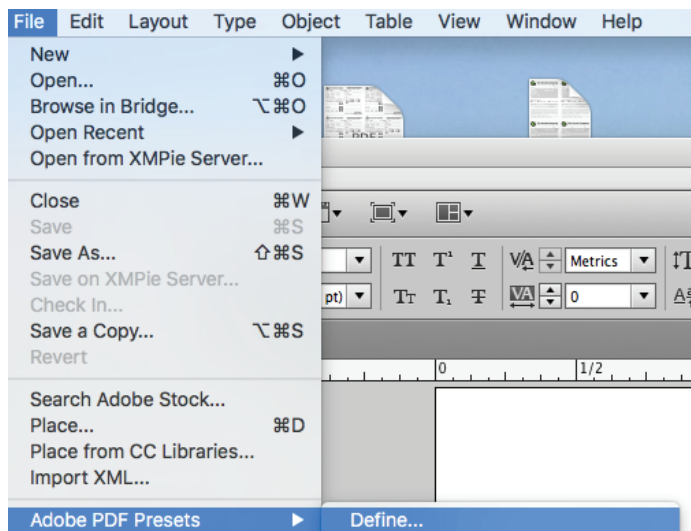

<https://thegoodecompany.box.com/s/moyf3k3ab5f4ktxclbtyflyssi8w1h0>

INSTRUCTIONS within InDesign or Illustrator:

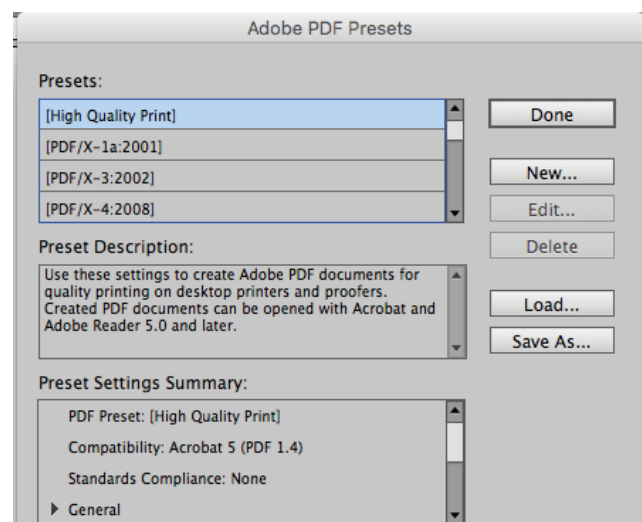

- 1) Go to File — Adobe PDF Presets — Define.
- 2) In this dialogue box there is an option to “Load” a preset.
- 3) Choose load, navigate to where you have the job options file, and choose it.

This will now be in your library of options of how to save as a pdf.

Step 1

Step 2: See Load button

Step 3: Choose job options file and hit OK.
